Introduction of CareCross Network of General Practitioners, Dentists & Optometrists

Dear valued member

Platinum Health Medical Scheme (PHMS) has entered into an agreement with CareCross to broaden the general practitioner, dental and optometry designated service provider (DSP) services for all PlatCap members.

CareCross has a national footprint across South Africa and charges scheme rates as per agreement.

PlatCap members are obliged to use Platinum Health DSPs or CareCross general practitioners, dentists and optometrists throughout South Africa and therefore this booklet has been compiled for easy reference.

Regards

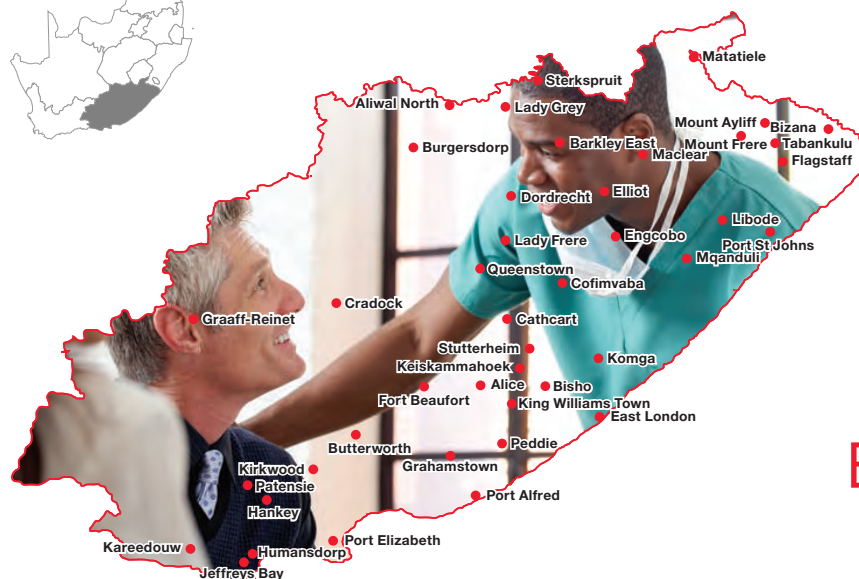

Welcome Mboniso
Platinum Health Medical Scheme
Principal Officer

Benefits of using DSPs

- You are assured of high-quality medical services;
- Your co-payment is less because Platinum Health formulary medication will be prescribed;
- You are saved a trip to the pharmacy, as some of the DSPs can dispense medication; and
- You save time, thanks to a one-stop consultation.

The names of CareCross GPs, Dentists and Optometrists are subject to change as GPs, Dentists and Optometrists are added or removed as CareCross Providers.

In case of a query, please contact your PHMS Client Liaison Officer or visit www.platinumhealth.co.za
